

2024 VOTER GUIDE

Everyone in the Bay Area deserves a chance to get a good job, live in a healthy and affordable home, and have a strong political voice.

Our elections are one of the most critical tools to move us closer to this vision. This year's measures on our state and local ballots give us some clear choices. We can choose a California that helps us build the affordable housing we need for our communities and protects the rights of the tenants in our communities. We can choose California which protects the fundamental right to marriage equality and prohibits forced prison labor. Our votes will help set the future course for our communities and state.

Our recommendations on five statewide propositions and five local ballot measures are closely aligned with our work, which will help us move toward our shared vision.

Ways to Vote

California voters can vote by mail, drop off a mail ballot, or vote in person on or before election day. Make sure you're registered to vote and figure out your voting plan [here](#).

STATE PROPOSITIONS

YES on CA Prop 3

Prop 3 would repeal Prop 8, (passed in 2008) which defined marriage as being between one man and one woman in the California Constitution.

The SFF has long advocated for equal rights and supports this essential freedom.

YES on CA Prop 32

Prop 32 would increase the California minimum wage to \$18 per hour.

SFF believes that we need to build a just economy where all can share in the wealth of this community. This increase in minimum wage is a step in the right direction to increasing inclusive prosperity across the state and region, especially among low-wage workers, who are 35.2% (5.6 million) of California's workforce.

NO on CA Prop 36

Prop 36 would increase penalties for some drug and property crimes and redirect millions of dollars a year to prisons and jails.

SFF believes that we need to move away from failed policies associated with mass incarceration that continue to disproportionately impact Black Indigenous, communities of color, and low-income communities and move to proven policies addressing the root causes of public safety concerns to build a safer, just, and equitable Bay Area.
